

Theoretical working capacity

3500 m²/h

coral 70s

Automatic 24V ride-on machine with cylindrical brushes head of 70 cm.

Two cylindrical brushes wash and pick up the dirt in a collection box that drains the exceeding water to the floor and is picked up by the squeegee. The device "brush dry" avoids water dripping at the end of the operation.

All coral models are provided with the operating system "automatic" to run all functions with just one switch and of the system "stop work" that optimizes the washing procedure at the end of the work with a correct sequence of an automatic programmed shut-off.

Brushes pressure adjustable and constant in different positions, independent from the brush wear.

coral 70s offers the latest modern enhancement cylindrical brush technology and is suitable for fast cleaning maintenance and for floors with large joints.

Ride-on machine with traction

Battery autonomy
2,5 - 4 h

Operating tension
24 V / 240 Ah

Cleaning width
700 mm

Capacity solution / recovery tank
100 / 105 l

Cylindrical brushes
2 x 150 mm

Brushes pressure adjustable
max. 45 kg

Brushes speed
785 rpm

Technical data

Squeegee width	980 mm
Brushes motor	2x600 Watt
Type of drive	automatic
Maximum gradient	10 %
Suction motor	580 Watt
Suction vacuum	160 mbar
Machine dimensions	
length	1575 mm
height	1320 mm
width <small>without squeegee</small>	780 mm
Machine weight <small>without battery</small>	262 kg
Traction motor	500 Watt
Movement speed	5 km/h
Battery compartment	
length	415 mm
width	520 mm
height	385 mm
Class	III
Protection level	IP 23
Noise level	<70 dB (A)

Ride-on machine with traction

Battery autonomy
3 - 4,5 h

Operating tension
24 V / 240 Ah

Cleaning width
660 mm

Capacity solution / recovery tank
100 / 105 l

Disc brushes
2 x 345 mm

Brushes pressure adjustable
max. 60 kg

Brushes speed
190 rpm

Theoretical working capacity

3300 m²/h

Technical data

Squeegee width	980 mm
Brushes motor	650 Watt
Type of drive	automatic
Maximum gradient	10 %
Suction motor	580 Watt
Suction vacuum	160 mbar
Machine dimensions	
length	1575 mm
height	1320 mm
width without squeegee	720 mm
Machine weight without battery	260 kg
Traction motor	500 Watt
Movement speed	5 km/h
Battery compartment	
length	415 mm
width	520 mm
height	385 mm
Class	III
Protection level	IP 23
Noise level	<70 dB (A)

coral 65

Compact ride-on machine at 24V available with a washing unit with two counter-rotating brushes and a working width of 65 cm.

Adiatek scrubber constructed with tough rotomold polyethylene tanks ensuring years of maximum performance and reliability. Tank capacity of 100 litres detergent solution.

Battery compartment that permits to install batteries up to 240 Ah₅ for an autonomy up to 3300 sqm/h.

For effortless operation, coral 65 offers an automatic mode which will start all necessary operations of the scrubber once it is turned on. A display shows all settings such as battery level, working hours and preset brushes pressure.

coral 65 offers the professional cleaning quality of Adiatek to clean medium small areas with all its advantages of a ride-on machine.
